Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Elements of Mammalogy: Prepared for the Use of Schools and Colleges The First Book of Natural History, has been received with so much favour, as to induce me to prepare the second of the series, which embraces the study of mammiferous animals. Although, like Physiology and Animal Mechanism, this is a Primer, or First-Book, I have named it, Second Book of Natural History, with the view of designating the series numerically, and thereby obviating confusion on this point. As in many instances, the same animal is known by different common names in different places, (the Rock-fish of Philadelphia, for example, is a Striped-Bass, at Boston), I have added the systematic names, which are generally derived from the Greek or other languages, and presented in a Latin dress. To facilitate the labours of the student, all these names have been given in a glossary with their respective definitions, and etymologies. The Greek words have been printed in italics, and where it occurs, the omega has been designated by a mark over the o, thus; (o.) It is...
