Year-can ( Chicanos ), Puerto Rican, and Cuban are the 8 three origins on which data are sometimes reported. One cannot draw safe conclusions about future supplies of scientists and engineers on the basis of I aggregate demographic trends alone ( see figure 1- It is important to disaggregate and examine 3 ). how students of different talents, sexes, race, and ethnicity flow through the education system to de-terminate how the talent pool for scientific and engineerin careers is formed and how degree g aspirations are realized. The future science and engineering work force be-gins with individual decisions to select and prepare for such a career. Among the factors that research-ers cite as being important to this decision ( sum-marized in table 1-1 ) are...
