## THE SPIRIT OF THE LINKS: THE MYSTICISM OF GOLF (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2013. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.I ve long pondered why golf is one of the world s most popular sports, played by an estimated 58 million people every year.and I believe the answer is because it gives us access to other-worldly realms and a glimpse of the endless potential inherent within the human heart, mind and spirit. A non-chemical hallucinogen, golf breaks the human body into components so strangely elongated and so tenuously linked, yet with anxious little bunches of hyper-consciousness and undue effort bulging here and there, along with rotating blind patches and a sort of cartilaginous euphoria - golf so transforms one s somatic sense, in short, that truth itself seems about to break through the exacerbated and as it were debunked fabric of mundane reality. John Updike To discover the secret of its wonderful charm is not the least of the problems of golf. It is a game that encourages the reflective and philosophical mind to close investigation, and so it is not enough for the worthy player that he should take the things that he sees and feels for granted, with no questions concerning the mystic influences that seem constantly to brood over the links, and the people who are of them. Each day as we go forward to the game, and in particular if it marks the beginning of a special period of play, we feel these influences strong, and it may happen that for a moment we wonder again as to their cause and their origin.
