New Directions Publishing Corporation, United States, 2016. Paperback. Book Condition: New. 178 x 114 mm. Language: English . Brand New Book. Nathalie Sarraute's *Tropisms* is considered one of the defining texts of the nouveau roman movement. *Tropisms* was championed as a masterpiece by Jean Genet, Marguerite Duras, and Jean-Paul Sartre, who hailed Sarraute as his favorite anti-novelist. Sarraute defined her *Tropisms* as the movements that are hidden under the commonplace, seemingly harmless instances of our everyday lives. Like figures in a grainy and shadowy photo, the characters in *Tropisms* are barely defined, the narrative never developed beyond a stressed moment. Instead, Sarraute brilliantly highlights the shift in tone through remarks or subtle details when a relationship changes, when we fall slightly deeper into or begin to emerge out of love or trust, or when something innocent tilts by the smallest degree toward suspicion.
