I KILLED SCHRODINGER S CAT (PAPERBACK)

Bertke Publications, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Since Erwin Schrodinger developed his probability theory, physics has been lost in an increasingly complex mathematical world of multiple dimensions and parallel universes. The authors propose a simple solution that explains ALL forms of energy and matter with just one particle, The Only Needed (TON) Particle, and two well-known and documented forces. This book provides measurable and...

Reviews

It in a single of the best publication. Sure, it is play, continue to an interesting and amazing literature. You will not really feel monotony at whenever you want of your time (that's what catalogues are for about in the event you question me).
