BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 40 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. Pursuant to a congressional request, GAO reviewed the San Antonio Air Logistics Centers purchase of C-5 crash damage repair kits. GAO found that the: (1) Air Force used data from three C-5A accidents to determine crash damage kit requirements, but those data were insufficient to accurately project the number, timing, and severity of future accidents; (2) Air Force did not make an economic analysis of the validity of the data used to establish kit requirements; (3) Air Force was developing a formal policy on crash damage kits; (4) Air Force attempted to buy parts through a tie-in to the C-5B production line in order to provide parts at about 50 percent of future costs, but delays in ordering the kits prevented it from fully achieving a tie-in; (5) contractors proposed prices were substantially higher than those the Air Force paid for the same parts under the C-5B production contract, and did not recognize some transfers from excess stock; and (6) kits contained many small parts that were not structural parts with long lead times. This item ships from La Vergne, TN. Paperback.
