John Hunt Publishing. Paperback. Book Condition: new. BRAND NEW, The Psyche Exposed: Inner Structures, How They Impact Reality and How Philosophers, Scientists and Religionists Misconstrue Both, Thomas Daniel Nehrer, The Psyche Exposed expands on The Essence of Reality, looking farther and deeper into aspects of life from Four Angles. Perspectives stem from Tom's standpoint of 'Clear Awareness' - seeing life without distorting beliefs - initiated by a mystic experience, expanded through an extensive inner journey: Angle One - How Life Works: piercing insights into Reality's flow, exposing distortions of awareness by standard beliefs and cultural fallacy. Angle Two - Your Journey: extensive, detailed illustration of large-scale structures of the psyche, showing how each individual projects personal creative power out to real and imagined forces and sources. Tom reveals explicitly how each individual creates patterns in life - and how they must be changed by revising inner roots. Angle Three - Your Path: three critical stumbling blocks on the journey toward Clear Awareness. Angle Four - Past Teaching: in-depth review of western thinking - how we each learn to see the world and ourselves as we were taught. Powerful insights expose fallacy in religion, archaic elements to traditional notions of causality and blatant shortcomings in science. Tom reviews the evolution of western thinking by exploring contributions of great thinkers and visionaries over the ages - what they contributed and WHERE THEY WERE WRONG.
