Brand New Book ***** Print on Demand *****.Excerpt from Common Schools in the United States Compared With Those in Europe At the solicitation of several distinguished persons in different parts of the country, we have decided to issue, in separate form, the learned and excellent article on Common Schools which appeared in the last January number of Brownson s Review. The vital importance of the subject discussed, the interest in its investigation which this paper has awakened throughout the Union, not merely among Catholics but also among many outside the pale of the Church, are additional reasons for the publication. The Rt. Rev. It will be well for those who feel an interest in this all important subject to contribute towards circulating this article extensively among their friends, who might not otherwise have their attention called to the interesting facts which it develops, on unexceptionable Protestant authority. As only a limited edition has been published, those who wish to procure a number of copies should send in their orders soon. For terms, see fourth page...
