Forgotten Books, United States, 2015. Paperback. Book Condition: New. 224 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The King s English The compilers of this book would be wanting in courtesy if they did not expressly say what might otherwise be safely left to the reader s discernment: the frequent appearance in it of any author s or newspaper s name does not mean that that author or newspaper offends more often than others against rules of grammar or style; it merely shows that they have been among the necessarily limited number chosen to collect instances from. The plan of the book was dictated by the following considerations. It is notorious that English writers seldom look into a grammar or composition book; the reading of grammars is repellent because, being bound to be exhaustive on a greater or less scale, they must give much space to the obvious or the unnecessary; and composition books are often useless because they enforce their warnings only by fabricated blunders against which every tiro feels himself quite safe. The principle adopted here has therefore been (1) to pass by all rules, of whatever absolute importance, that are shown by observation to be seldom or never broken; and (2) to illustrate by living examples, with the name of a reputable authority attached to each, all blunders that observation shows to be common. The reader, however, who is thus led to suspect that the only method followed has been the rejection of method will find, it is hoped, a practical security against inconvenience in the very full Index. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses...
