# ROBO SAPIENS: EVOLUTION OF A NEW SPECIES (HARDBACK)

MIT Press Ltd, United States, 2000. Hardback. Book Condition: New. 287 x 227 mm. Language: English . Brand New Book. Around the world, scientists and engineers are participating in a high-stakes race to build the first intelligent robot. Many robots already exist -- automobile factories are full of them. But the new generation of robots will be something else: smart machines that act like living creatures. When they are brought into existence, science fiction will have become fact. What will happen...

## Reviews

---

*This publication can be well worth a study, and far better than other. Better then never, though i am quite late in start reading this one. Its been printed in an exceedingly simple way and it is only soon after i finished reading through this book in which really transformed me, alter the way in my opinion.*

*This is the very best ebook i have got study until now. This is for those who statte there had not been a worth reading. You can expect to like the way the writer write this book.*

-- **Jeffrey Ritchie**

*Absolutely among the best publication I have at any time go through. It is definitely basic but shocks from the 50 % of the book. I discovered this book from my i and dad advised this publication to find out.*
